API Message

Message pattern	`res.status(xxx).send({`
	`success: true,`
	`code: '100-2030',`
	`message: 'message',`
	`data: result`
	`error: err.message`
	`});`

Examples:

```
{
    "success": false,
    "code": "100-1010",
    "errors": [
        {
            "message": "apoliceData.apolice is required"
        },
        {
            "message": "conductorData.date_of_birth is required"
        }
    ]
}
{
    "success": false,
    "code": "100-1010",
    "message": "message",
    "data": [
        {
            "0x09c15427Fed859ed46AFFB996bCd62f3b9180137"
        },
        {
            "0x09c15427Fed859ed46AFFB996bCd62f3b9180137"
        }
    ]
    "link": "https://rinkeby.etherscan.io/tx/undefined"
}
```

code		message	Policy	Claim/Report	Token
code	100-10 00	Success! <response>	x	x	x
code	100-10 10	Returns an array of fields that were not required that were not sent		x	x
code	100-10 12	Mutual has no policy.	x		
code	100-10 13	Mutual has no claim.		x	

code	100-10 14	Invalid private key <privetKey>	x	x	x
code	100-10 15	Minter wallet address is invalid.			x
code	100-10 16	Burner wallet address is invalid.			x
code	100-10 17	Status: <pause/unpause> <nameContract>		x	
code	100-10 20	Smart Contract address is invalid.	x	x	
code	100-10 30	Smart Contract address is empty.		x	
code	100-10 31	Transaction subscriber has to be Mutual.	x	x	
code	100-10 32	Don't have a policy with that address	x		
code	100-10 33	Smart contract <nameSmartContract> is <pause/unpause>		x	
code	100-10 40	Mutual's wallet address is invalid.	x	x	
code	100-10 50	Mutual's wallet address is empty.		x	
code	100-10 60	Admin's wallet address is invalid.	x		x
code	100-10 70	Admin's wallet address is empty.			x
code	100-20 10	Transaction to add admin <nameContract>!	x	x	
code	100-20 11	Transaction to add mutual <nameContract>!	x	x	
code	100-20 20	Transaction to remove admin <nameContract>!	x	x	
code	100-20 21	Transaction to remove mutual <nameContract>!	x	x	

code	100-20 30	Is Admin = true	x	x	
code	100-20 31	Is admin = false	x	x	
code	100-20 32	Is Mutual = true	x	x	
code	100-20 33	Is Mutual = false	x	x	
code	100-20 40	Administrator added to the Factory Claim Smart Contract.			
code	100-20 50	Administrator removed from Factory Claim Smart Contract.			
code	100-20 60	Is Administrator of the Factory Claim Smart Contract.			
code	100-20 61	You are not an Administrator of the Factory Claim Smart Contract.			
code	100-20 70	Administrator added to the Factory Report Smart Contract.			
code	100-20 80	Administrator removed from the Factory Report Smart Contract.			
code	100-20 90	Is the Administrator of the Factory Report Smart Contract.			
code	100-20 91	You are not an Administrator of the Factory Report Smart Contract.			
code	100-21 00	Registered Report <address>	x	x	
code	100-21 10	Transaction Failed, smart contract already <pause/unpause>			
code	100-21 20	Roles: account already has role			x
code	100-21 21	Roles: account does not have role			x
code	100-30 10	Claim status field is empty.			

code	100-3011	Transaction update status insurance claim		x
